**PETERSON**

We have three disciplines in rental:  
Compressed Air, Power and Temperature Control.

## TEMPERATURE CONTROL

We have cooling and heating equipment in all sizes built for:

- Seasonal cooling for crush
- Emergency and supplemental seasonal cooling
- Cold stabilization
- Cave, barrel room and warehouse cooling

## COMPRESSED AIR

Peterson has a complete line of oil free electric and diesel-powered compressors built for:

- Bladder presses
- Diaphragm pumps
- Bottling lines
- Optical sorters
- Thermo vinification systems

## POWER

Peterson offers an extensive line of portable generators built for:

- New construction support
- Remote vineyard power
- Supplemental seasonal power
