

# INSPECT YOUR INDUSTRIAL ENGINE THIS WINTER AND GET A **10%** PARTS DISCOUNT!

**LET'S DO THE WORK.™**

**From now until December 31, Peterson Power Systems is offering BIG discounts on preventative maintenance**

This winter, bring your industrial engine to Peterson and enjoy special discounts on parts when you perform preventative maintenance!

## HERE'S HOW IT WORKS:

1. Bring your engine to Peterson for a comprehensive inspection and S•O•S<sup>SM</sup> Fluid Analysis.
2. If we identify the need for an overhaul (anything more than basic preventative maintenance or just changing a fuel or water pump) then we'll give you 10% off parts, and a discount on new Extended Service Coverage (Extended Warranty).
3. **PLUS:** We'll add Cat<sup>®</sup> Remote Monitoring - VisionLink<sup>®</sup> to your unit while it's in the shop for the cost of one hour of labor—we'll give you the parts to monitor for free!

Visit [petersoncat.com/special/engine-overhaul](https://petersoncat.com/special/engine-overhaul) to learn more or get in touch with a Peterson rep today by calling **800-963-6446**.

Offer valid until December 31, 2023 on Cat industrial engines only. Additional terms and restrictions may apply—talk to your Peterson Power Systems rep for full details. Minimum purchase of \$10,000 required.
