

Atlas Copco Portable Air Compressors

XATS 750 CD iT4 XAVS 650 CD iT4

This generation of the XATS 750 and XAVS 650 is more environmentally friendly, more fuel efficient and neatly packaged for serviceability.

The new XATS 750 and XAVS 650 are built in compliance with the iT4 emissions requirements. Packaged in the new sound attenuated enclosure, both compressors are smaller and lighter than competitive packages, and have more key features and benefits. This confirms our commitment to performance, reliability and efficiency.

Tier4 Interim
Compliant with the new EPA emission regulations of 2011

Compact, versatile and easy to use.

The XATS 750 and XAVS 650 are designed with innovative features to make your job easier. For example, all replacement parts are within easy reach so routine maintenance takes less time.

Atlas Copco listened to you, our customer. We understood your requirements and designed a reliable, high performance air compressor with a long lifetime, low operating costs, and high resale value.

- After-cooling and filtration are standard for clean, dry air
- Reliable CAT power
- Electronic control module
- Performance and diagnostics at your fingertips
