
COGENERATION & NATURAL GAS ENGINE SEMINAR

October 24, 2018 from 9am - 4pm
at Peterson University:
2700 Teagarden Ave.
San Leandro, CA 94577
Lunch will be provided

For more information, please contact Marty Hopkins
mjhopkins@petersoncat.com
541.337.9902 cell

Please join us for a free seminar geared towards Mechanical and Electrical Engineers and Contractors where we will provide information on the growing prime power and cogeneration markets that use natural gas generators, including:

- Greenhouses
- Industrial and Commercial Facilities
- Microgrids
- Water Treatment Plants

We will also cover the recent design advances that allow for Emergency Standby compliance to NFPA110 (10 second start). We will review these applications and cover in detail the systems and componentry being employed.

RAFFLE PRIZES INCLUDE:
CAT 1800 WATT PORTABLE INVERTER GENERATOR
(must be present to win)

To register, please visit
